

GENERAL PERSHING CROSSES BORDER IN CHASE AFTER MEXICAN OUTLAW

CARRANZA TROOPS NEAR THE BORDER

(BULLETIN)

WASHINGTON, March 15.—General Pershing and Colonel Dodd crossed the Mexican border at noon today with 5000 men. The report was received at Washington six hours later and Secretary of War Baker at once hurried into a conference with the president. At ten o'clock it was announced that the department had received from General Funston the announcement that the Americans had crossed the border and that the de facto government appeared to be willing and anxious to co-operate in the purpose of the expedition.

EL PASO, TEX., MARCH 15.—It is reported that United States troops are crossing into Mexico this evening. The report came by way of the Juarez military wires.

EL PASO, TEXAS, MARCH 15.—The wire from Columbus, N. M., where the first expedition is in readiness for entering Mexico was working today but no messages about troops had been received since last night.

During the early hours this morning the censorship behind which every important move at Columbus is being cloaked cut off all information from Columbus completely.

The border awoke today with the conviction that before another 24 hours had passed United States troops would be sent across the Mexican frontier at Columbus to bring Pancho Villa to account for his crimes.

The one question that is on every one's lips was what part would be played in the approaching chase by large bodies of troops under Carranza commanders who are gathering in the region thru which the expeditionary force is expected to make its way. For the last few days reports have accumulated of serious disaffection among the Carranza soldiers in the neighborhood of the Arizona border who are under the command of General Calles. Many of these reports have been extremely circumstantial.

Early today a story came from Presidio, Texas, that the Carranza garrison at Ojinaga had revolted and murdered its commander, General Rojas.

Stories brot from the Mexican interior by American refugees served to confirm the impression that at least a section of the Carranza soldiery is far from unfriendly to Villa and is decidedly hostile to the American expedition.

Refugees told of being insulted and cursed by soldiers they encountered in their flight, but no act of physical violence has been reported.

At the same time other Americans who came from the western part of Mexico declared that conditions in those parts were quiet.

Aged Resident of West Lafayette Vicinity Is Claimed by Grim Reaper

John G. West, aged 74, a life-long resident of the West Lafayette vicinity, died at 7:30 o'clock Wednesday morning from tuberculosis after a long illness.

Funeral services will be held at the late home at one o'clock Friday afternoon with the Rev. Wood of the West Lafayette M. E. church in charge. Interment will be made in the cemetery at West Lafayette.

John West was born and spent his entire life in the immediate vicinity of West Lafayette. He married Miss Elizabeth Norris, of Bakersville, and they then made their home about two miles north of West Lafayette. Mr. West was a farmer and was well known in the West Lafayette and Fresno neighborhood. He was not a member of any church.

The widow, now about 74 years of age, is confined to her bed by an illness from grippa. Her condition is serious owing to her advanced years.

In addition to the wife, the following children survive: Emmanuel, of West Lafayette; George, of Zanesville; Ray, of Coshocton; and Mrs. William Howell, of Newcom. Another daughter, Mrs. Elizabeth Norris, died several years ago. Fifteen grandchildren and their home about two miles north of West Lafayette.

The commissioners stated they were unable to order the road opened up for the reason that it had been closed by orders of the state highway department. Consequently, the road will remain closed until the state department sees fit to order the road re-opened for traffic.

Coshocton Road Closed

Mt. Vernon, O., March 15.—About fifty residents of Monroe township appeared before the Knox county board of commissioners Monday to protest against the closing up of the Coshocton road by the contractor who is in charge of the paving of the road. The road has just been closed and it makes almost impossible for some of the residents to get to Mt. Vernon.

The commissioners stated they were unable to order the road opened up for the reason that it had been closed by orders of the state highway department. Consequently, the road will remain closed until the state department sees fit to order the road re-opened for traffic.

Operations At City Hospital

Last night the condition of Miss Lucile Cornell, of Roscoe, was considered satisfactory. She was operated upon for appendicitis at the City hospital Wednesday, by Dr. J. G. Snailes.

Mrs. Ralph Johnston, of Alder street, was resting easily last night following an operation performed earlier in the day for appendicitis. The operation was performed by Dr. Jesse McClain, F. M. Marshall and T. W. Lear.

Mrs. D. D. Boyd, of Park avenue, was in a satisfactory condition last night following an operation performed earlier in the day by Dr. F. M. Marshall.

Lenient Judges And Dishonest Policemen Aid The Bootleggers

Columbus, O., March 15.—Lenient judges and dishonest policemen are the greatest hindrances in the movement to stamp out bootleggers, in the opinion of Frank S. Evans, chief inspector for the state liquor licensing board.

Altho technical convictions are secured in about 85 per cent of the cases brot by the state liquor inspectors against bootleggers, fines are remitted or jail sentences suspended in nearly half of these, says Inspector Evans. This is the way courts hinder the clean-up of illegal liquor selling.

Most police officials are honest and efficient, says Inspector Evans, but in every police force

are a number of men in league with bootleggers and other law-breakers. "For that reason," he adds, "I would no more think of going into a city and telling the entire police organization what place I intended to raid than I would advertise it in the newspapers. Some officer would be sure to 'tip' the booze establishment and our raid might not as well be on a Sunday school."

State liquor inspectors usually make their raids with police aid but they take the officers along

without disclosing their destination. All the time they keep a sharp eye on policemen to see that none leaves the party to phone the bootleggers for whom he may act as a spy.

Inspector Evans declared his men have more difficulty in securing stiff sentences for liquor law violators in the larger cities where cases are usually brot before police judges. In smaller cities and villages the magistrates nearly always hand out harsh sentences. The penalty for selling liquor without a license is a fine of between \$200 and \$500 for the first offense, and a jail sentence additional for the second offense.

Sample Ballots To Be Received From Columbus

Columbus, March 15.—Sample ballots for the primaries of April 25 will be mailed Thursday by Secretary of State Hildebrandt to the various county election boards, which bodies will then contract for a supply of ballots for the use of the voters. There are two ballots for each of the two leading parties, one containing the names of candidates for presidential and vice presidential nominations, on which the voters will designate their preferences, and one containing the names of candidates for delegates and alternates to both the state and national conventions of both parties. Each county will fill in its own names for delegates and alternates from the congressional district to the national convention, and from the counties to the state conventions.

The Republican presidential preference ballot contains the names of Theodore E. Burton, of Ohio, and William Grant Webster, a Chicago man, for president, but carries no names for vice president.

Wilson Is Unopposed.
On the Democratic ballot, Woodrow Wilson is the only candidate for president, but there is a contest on for vice presidential nomination of that party. It had been generally supposed that Vice President Thomas R. Marshall of Indiana, would be unopposed for a second term nomination in Ohio but late has decreed otherwise.

Frank S. Monnett, of Columbus, has his eye on the vice presidency and so he will go before the Democratic electors of the Buckeye state as a candidate for that office. The names of Marshall and Monnett will both appear on the ballot and the electors can take their choice.

The names of Paul Howland, Republican, of Cleveland and former Governor James E. Campbell of Columbus, will not appear on the ballots, altho the candidates for delegates and alternates have declared for them for second choices for the presidential nominations. There are five Democratic candidates for delegates-at-large, and seven Republican candidates for such nominations.

More than ordinary interest attaches to these ballots, because they are issued under the new presidential preference primary law which is to get its first try out.

Former Rubber Co. Man Sued

C. M. Smith, formerly connected with the S. and M. Tire and Rubber company, was made defendant Wednesday in two suits started in Justice Levi Williams' court to collect money. Oliver Brothers brot suit to collect \$3,175 for necessary services furnished the defendant while F. E. Lucas brot suit to collect \$71.45 alleged to be due for repairs and storage of an automobile.

Believe Gross Will Be Ousted

General House Cleaning May Follow Civil Service Examination Saturday—Street Commissioner Must Take Competitive Examination to Hold His Job.

That Street Commissioner John Gross, Democrat, may find himself passed at examination. For this reason the decision of the court of appeals, it is said, will have no bearing on the present state of affairs.

In addition to the office of street commissioner, which, it is said, will be filled thru the examination, at least one fireman is to be appointed. The position of fireman pays \$75 per month.

Desk Man Also.
The position of janitor of the City hall and desk sergeant of the police department, an office created last Monday by council, will also be open to competitive examination. The present incumbent of a corresponding position is C. C. Graham, who was appointed during the Socialist administration. Not having served seven years, he must either take the examination or take the chance that he will be reappointed. The position pays \$60 per month. The successful applicant must furnish bond in the sum of \$200.

May Fire Others.
Several other positions, it is said, may be filled but this is not known definitely. In any event, an eligible list will be made up from those who pass the examination and these will be given first chance on positions should any be later vacated thru action of the present administration. The positions which will be under civil right to dismiss him. The court service do not pay less than \$60 per month and several pay \$75.

Gross was ousted from the office under the Socialist administration by Ex-mayor L. N. Staats, but was re-instated by the court of appeals on the ground that the mayor did not have the right to dismiss him. The court service do not pay less than \$60 per month and several pay \$75.

Gross was ousted from the office under the Socialist administration by Ex-mayor L. N. Staats, but was re-instated by the court of appeals on the ground that the mayor did not have the right to dismiss him. The court service do not pay less than \$60 per month and several pay \$75.

West Lafayette Bank Has Claim Against Wilson & Sons

Seeking to foreclose a mortgage on a flour mill in West Lafayette owned by William Wilson and Sons, answer and cross petition of The West Lafayette Bank Co. was filed in common pleas court Wednesday in the case of Henry Rodgers vs. William Wilson & Sons. The petition claims that on May 18, 1915, William Wilson and sons gave their promissory note to the bank for \$6100 at 6 per cent secured by a mortgage on the flour-mill. It is alleged that the terms of the mortgage have been broken and sale of the property is asked. Attorney F. E. Pomeroy represents the bank.

Shamrocks Are Now In Order

Shamrocks, much Irish green, harps, clay pipes, appealing music, typical of Erin's isle, and the usual never failing supply of Irish humorous stories, are all ways in evidence at this season of each year, as an annual tribute to St. Patrick. No social function is complete without a touch of green in the decorations, and, indeed, it would be difficult to find anything more effective.

A general spirit of god cheer is prevalent not only on St. Patrick's Day, March 17, but for days in anticipation, and the optimistic social influence, for which the Irish race is noted, continues long after.

CASE ARGUED
The case of P. Wells & Co. vs. Frances Rodgers, administratrix of the estate of Raymond Rodgers, and the Hudspeth Brewing Co. vs. Mrs. Rodgers were argued before Judge Glenn in common pleas court Wednesday morning by Attorneys Merrill and Klem. The court will decide the case later.

Clarence Harrah spent Sunday with Mr. and Mrs. Walter Harrah.

Warmer Weather Is Promised For Today In Ohio

From the balmy spring breezes and the cheery notes of the robins, abroad in the land the first of the week, the driving snow flurries, sleet and ice, the weather has changed capriciously. All day Wednesday the snow fall continued, with a low temperature. The few remaining days of the closing season were decidedly mid-winterish. It is said that snow fall was the heaviest, locally, of the season.

Warmer weather, and sunshine, are promised for Thursday.

TOO MUCH SNOW.
Mail service thru the county was completely blocked on several of the routes on account of the heavy snowfall.

Child Dies from Tumor

Funeral services for Lenore, the five year old daughter of Mr. and Mrs. William Leder, will be held Friday afternoon at 1:30 o'clock at the home on Boyd sixth street with Rev. D. C. Boyd in charge. Interment will be made in the South Lawn cemetery.

Little Lenore died Wednesday morning about six o'clock after a long illness occasioned by a tumor of the brain. She was taken ill early last November and by the middle of the month had lost the use of her left side. Complications ensued and shortly before Christmas the child lost the sight of her right eye. From that time her strength failed and the expert advice was sought it was evident that the child was doomed.

The unfortunate parents are grieved over the untimely end of their little daughter and the sympathy of a host of friends and acquaintances of the little girl goes out to the parents in the hour of their sorrow.

Besides the parents two sisters survive. They are Stella, aged 9, and Bettiet, aged 2 1/2 years.

Foreclosure Suit Is Brought

Suit to foreclose a mortgage on land in Perry township was commenced in common pleas court Tuesday by The People's Bank Co., of Painesville, against Sarah and John Crawford. It is claimed that on April 17, 1914, the defendants gave the plaintiff their promissory note for \$6,109.82 due one year after date and bearing interest at the rate of six percent. The note is said to have been secured by a mortgage. The petition claims that there is now due \$5,900 with interest from April 17, 1915.

Cross, Feverish Child Is Bilious Or Constipated

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the four, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy: they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

dwelling thru the cellar. Descending the outer steps, he ascended the steps leading into the cellar to a door opening into the dining room. He was frustrated in this attempt by my son who heard his movements and shot the bolt which fastened the door. Enraged over his failure, the intruder then hurled coal against the door in an attempt to batter it loose but soon gave up securing an entrance by this means.

"Leaving the cellar, the man went to the rear of the dwelling and again demanded admittance which was refused. While the man was battering at the door, my son secured a shotgun and loaded both barrels of the weapon. He then ordered the man to leave and threatened to fire.

Shoots Thru Door

"His warning was greeted by a laugh, and a repeated attempt to batter down the door. Elvin then fired, the charge of shot striking the door casing. Again the man without laughing and taunted with a remark that the aim was no good and renewed his efforts to enter. My son fired again, this time tearing a hole thru the door panel about two feet from the floor. This was evidently too close for comfort as the intruder left off trying to secure an entrance.

IS IT RHEUMATISM?

Aren't You Really On the Wrong Track?

A good share of so-called rheumatism is caused by weak kidneys. When the kidneys fail to clear the blood of uric acid, the acid irritates the delicate nerves. Tourting pains dart through the affected part whenever it is moved. By strengthening the kidneys, Doan's Kidney Pills have proven their worth in thousands of so-called rheumatic cases, lumbago, sciatica, gravel, and urinary disorders. Doan's are well-known in Coshocton and warmly recommended by Coshocton people. Read this Coshocton case: "John McDonald, R. F. D. No. 5, Coshocton, says: 'I suffered from rheumatic pains in my sides, which extended into my back. The action of my kidneys was irregular and the kidney secretions contained sediment. Doan's Kidney Pills restored my kidneys to a normal condition and removed all the aches and pains.'"

Organize W. M. A.

At the home of Mrs. Edward Airhart of Cambridge street, a number of ladies of the United Brethren church met Tuesday evening for the purpose of organizing a branch of the W. M. A. Officers were chosen as follows:

President, Mrs. Edward Airhart.
Vice president, Mrs. Charles Young.
Secretary, Mrs. Charles Cooper.
Treasurer, Mrs. Christine Tish.
Secretary of literature, Miss Verna Leavengood.

The society decided to take up the study of United Brethren foreign mission fields. Mrs. Charles Doney and Mrs. Charles Young were chosen as delegates to the W. M. A. convention which will be at Akron April 5 and 6. Meetings of the society are to be held the first Thursday in each month, and the next meeting will be held at the home of Mrs. Charles Cooper on Hamilton avenue. Following are the charter members of the W. M. A. Mrs. Airhart, Mrs. Charles Young, Mrs. Charles Cooper, Mrs. Christine Tish, Mrs. Joseph Wilson, Mrs. Libbie Kitchens, Mrs. Libbie Ross, Mrs. Maude Shingley, Mrs. Charles McDonald, Mrs. Carrie Doney, Misses Mary Endsley and Verna Leavengood.

Voice Familiar
"Tuesday morning I was called by my son who told me of what had occurred the night before. He stated that he had heard the voice on other occasions but could not be certain. So far as I know he has no enemies and I can think of no motive for the attempt to enter the house. My son did not think the man drunk."

"Tuesday neighbors and myself conducted an investigation in an attempt to learn if strangers had been seen in the vicinity Monday evening or later but without results.

Practically Blind
"Elvin is practically blind. He can distinguish a lighted lamp or candle in the dark and can tell when he leaves sunlight and enters shadow but is unable to make out color or distinguish detail and so was unable to make out the features or describe the man who tried to force an entrance and who we believe actually fired the barn. No attempts to enter or destroy property had ever been made before."

Lime Starvation Causes Tuberculosis

The Medical Record (New York) of December 15, 1909, contains an article on "The Treatment of Pulmonary Tuberculosis, Based on the Assumption That the Dietetic Cause of the Disease is Lime Starvation" by Dr. John F. Russell, who says: "The condition which is recognized as preceding the active development of tuberculosis in the adult may be considered as due to lime starvation."

Among inorganic substances lime salts appear to be of special physiological importance. But if the salts are not in organic combination it is difficult to suppose that the cells can appropriate them for food."

Years of widespread use confirm us in the belief that the success of Eckman's Alternative in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial troubles is due in large measure to its content of lime so combined with other ingredients as to be easily appropriated by the cells.

Doubtless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Eckman's Alternative.

As it contains no opiates, narcotics or habit-forming drugs, it is safe to use. On the druggist with order it for you or you can send direct. Eckman Laboratory, Philadelphia.

DENMAN THOMPSON'S WORLD-FAMOUS RURAL CLASSIC "THE OLD HOMESTEAD" AT THE MYSTIC TODAY.

After more than thirty years of continuous and unparalleled popularity as a play, during which period it circled the globe three times and was presented to twenty million people, Denman Thompson's immortal rural classic, "The Old Homestead," has been converted into a "Paramount Picture" by the Famous Players Film Company, thus truly immortalizing what may justly be termed the greatest single triumph of the American stage. It was the irresistible simplicity of the human play and its tender story which bases its appeal upon real heart-interest and upon its depiction of every-day characters that everyone recognizes, that have made its popularity endure for more than three decades. It was this fundamental wealth of universal interest that caused "The Old Homestead" to become the foremost dramatic classic of our time and makes the photo-play adaptation of the lovable play one of the most important screen events in all the annals of motion picture.

In addition the Mystic will again present the Popular Stock Company, who are pleasing big crowds everyday.

and that they had experienced no display of animosity towards either the United States or themselves.

VILLA HAS THE BEST OF HORSES

The Americans from Chihuahua City who arrived here last night by train reported that there were forty or fifty Americans left in that city. The others probably would follow soon, it was said. An escort of fifty-six Carranza soldiers rode on the train.

One of the difficulties in catching Villa, as pointed out by these Americans, was the superiority of the horses his men rode over the mountains in northern Mexico. Villa has made a practice of seizing or buying the finest horses available. Another problem, the Americans said, lay in the fact that thru fear or ignorance the Mexicans residing in country regions of Chihuahua give considerable allegiance to Villa. In cities they considered the Carranza sentiment dominant.

Among the arrivals were the following missionaries: Rev. and Mrs. A. C. Wright, Mr. and Mrs. L. B. Fritz, Miss Mary Blackly, Miss Mary F. Long and John M. Murray, director of the Chihuahua Y. M. C. A. was in the party.

Considerable surprise was shown over a story from Douglas, Arizona, that United States soldiers had seized half a million cartridges consigned to General Calles. None of the American military officials here would confirm or discuss the story.

Another development today was the tightening of the censorship over the sending of American telegrams into Mexico by the Carranza authorities. All messages were closely scrutinized by the officials on the Mexican side of the border.

Troops Must Follow Desert Trail

The point chosen for the entrance of the punitive expedition into Mexico is at the verge of a dreary, desolate plain, inhabited principally by coyotes and prairie dogs, swept by sandstorms and denude of vegetation except the cactus and a few other spiky and objectionable growths.

For at least 30 miles the United States troops must make their way across this desert. They then reach the lowest range of the Sierra Madre mountains rising to a height of 3000 to 3500 feet, broken and twisted into all manner of fantastic shapes by volcanic action and barren of any verdure worthy the name.

Lonely civilized ranchmen are found here and in the valleys, nursing their cattle at the infrequent and scanty water holes and subsisting almost entirely on beef. To offset the evil results of a continuous diet of beef, it is said they drink the blood of the cattle which contains supposedly healthy salts.

There are no roads of any kind in all this region. An ancient track known as the "Smugglers Trail," is used by such traffic as passes thru. The expeditionary force must carry all its own provisions and must in a large measure rely also on its beef for water.

After fighting its way against nature, assisted by whatever guerrilla troops Villa may be able to care to muster for about one hundred and twenty-five miles, the punitive expedition will reach the Sierra Madre proper, a range of mountains rising from 8000 to 10,000 feet. Americans who have penetrated these fastnesses, claim that the region is one of the wildest, most barren and desolate that it is possible to find anywhere in the world.

Where Villa Will Make Stand

The mountains are split by canyons, some of which have a sheer depth of between 2000 and 3000 feet, and there is not even a rec-

Pancho Villa is said to have taken refuge and is said to be there prepared to wage a guerrilla warfare upon the troops who have been ordered to pursue him to death or capture.

Do Something for your Cold.

Do not let it wear you out and encourage sickness.

Take Dr. King's New Discovery. You will get instant relief.

Most of us neglect coughs and colds. We brush suggestions aside with the remark "I'll be better soon!" and often times we do get better. However, when that cough or cold gets a hold, it usually means annoyance, interference with our work and often a spell of sickness follows. Isn't it better immediately to check that cold and ease the cough? Dr. King's New Discovery does it! Search as you will, you will not find a better remedy.

Dr. King's New Discovery is made of Fine Tar mixed with soothing balsams and laxatives. It's antiseptic and kills the germs. Alleviates the cold-feral throat, soothes the irritated, inflamed throat, the very first dose gives you relief. You cough with less strain. And if you have a hacking or dry cough, a grateful relief follows and you soon drop into a restful and refreshing sleep. Get a bottle to-day and let Dr. King's New Discovery be your cold and cough doctor. At all druggists.

VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podosphylla, they call it) daily. Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santal Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it. These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santal Remedy Co., 602 Madison Ave., Corvaton, Ky.

Uncanny Performance With Canny Thrift: The New 3400 r. p. m. Chalmers

Three years ago automobile manufacturers began cutting their eye teeth on high-speed motors.

The value of high speed in electric motors or steam turbines had long been recognized.

But the application of high-speed principles to gas engines was difficult to achieve with safety.

Now comes the remarkable 3400 r. p. m. Chalmers which develops an engine speed of 3400 revolutions per minute with absolute safety.

Chalmers engineers solved the problem of safe, high engine speed by means of strength of materials, small, compact bearing surfaces, and ample lubrication.

They did not translate the speed of this 3400 r. p. m. engine into mere car speed. It is built for the road, not the race-track.

Its high-speed engine, used in connection with a low rear axle gear ratio, achieves a vast range of flexibility that is worth more to the motorist than all the two-mile-a-minute speed on earth.

An engine of might can give you one of two things: great speed, or a wealth of great ease and smoothness—never both.

It did not take Hugh Chalmers long to decide. He knew what American drivers prize beyond all things else.

So he built the principles of supreme acceleration combined with all the necessary might into the absolutely minimum and most compact amount of engine possible.

The result is the 3400 r. p. m. Chalmers at \$1050, a blend of ability and strength, fusing uncanny performance with canny thrift—delivering speed up to 60 miles an hour, 18 miles for every gallon of gas, and longevity that will amaze and delight you.

The car is here now, ready to perform for you.

AS WE GROW OLDER

our minds are quite as active as in former years but our strength does not respond when we need it most; perhaps the kidneys are weak, the liver torpid, rheumatic pains or stiffened joints beset us, and we cannot easily throw off the colds that winter brings.

What we need is the rich cod liver oil in Scott's Emulsion to renew the blood and carry strength to every organ of the body, while its glycerine soothes the respiratory tract, and its hypophosphites strengthen the excitable nerves.

Scott's Emulsion is a scientific oil-food, of unusual benefit to those past fifty years—particularly during the colder seasons, it imparts warmth and creates strength. One bottle will prove its worth. No alcohol or harmful drugs.

A SPRING TONIC

Old Reliable Hood's Sarsaparilla is Pleasant and Effective.

In the spring your blood is impure and weak, eruptions appear on your face and body, you lack vitality, strength and animation, your appetite is poor and you feel all tired out. Get Hood's Sarsaparilla from any druggist. It combines just the roots, barks, herbs and other substances that you need. It purifies and strengthens the blood—makes the rich red blood that you must have to feel well, look well, eat and sleep well. This is confirmed by thousands of letters from people in all parts of the country. Hood's Sarsaparilla is the best spring medicine, but is not simply a spring medicine—it is an all-the-year-round blood purifier and tonic. Remember it has stood the test of forty years. Be sure to get Hood's, and get it today.

Ends Dry, Hoarse or Painful Coughs Quickly

A Simple, Home-Made Remedy, Inexpensive and Unquestioned

The prompt and positive results given by this pleasant tasting, home-made cough syrup has caused it to be used in more homes than any other remedy. It gives almost instant relief and will usually overcome the average cough in 24 hours.

Get 2 1/2 ounces Pinex (50 cents worth) from any drug store, pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. This makes a full pint—a family supply—of the most effective cough remedy at a cost of only 54 cents or less. You couldn't buy as much ready-made cough medicine for \$2.50. Easily prepared and never spoils. Full directions with Pinex.

The promptness, certainty and ease with which this Pinex Syrup overcomes a bad cough, chest or throat cold is truly remarkable. It quickly loosens a dry, hoarse or tight cough and heals and soothes a painful cough in a hurry. With a persistent loose cough it stops the formation of phlegm in the throat and bronchial tubes, thus ending the annoying hacking.

Pinex is a highly concentrated compound of genuine Norway pine extract, rich in quassiac and is famous the world over for its splendid effect in bronchitis, whooping cough, bronchial asthma and winter coughs.

To avoid disappointment in making this, ask your druggist for "2 1/2 ounces of Pinex," and don't accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Ohio Mothers Abolish Old Forms of Stomach Dosing

For Croup and Cold Troubles They Are Now Using the New Treatment of Antiseptic Vapors and Fresh Air That Replaces Internal Medicines, Poultices, Plasters and Flannel Jackets.

You Just Rub It On Over Throat and Chest—Relieves by Inhalation and Absorption.

Most people take too much medicine. Nowadays we know that nearly every medicine is a poison if taken in sufficient quantities, and that the less medicine we take the better for our digestion. This is particularly true for children. Still croup and cold troubles require some form of treatment—they can not be neglected. This problem is solved by use of the "outside" application—Vick's Vapo-Rub Salve.

In the South it is universally used in place of internal medicines for all forms of cold troubles, from head colds, asthma and catarrh, down to deep chest colds, sore throat, bronchitis, grippe or incipient pneumonia. You just apply it over throat and chest and cover with a warm flannel cloth. Leave the covering loose around the neck as the body heat releases the ingredients in the form of vapors. These medicated vapors are inhaled, with each breath, all night long, loosening the phlegm and opening the air passages. Here is what Ohio people say:

CINCINNATI, OHIO, Mrs. Fred Callahan, 1025 Gregory St., writes:—

"I have four sons, aged from sixteen months to seven years, and find that your remedy has done them a

world of good in regard to their suffering from croup and heavy colds. My sister, who is subject to catarrh, gets better relief from your remedy than from anything she has ever used.

COLUMBUS, OHIO, Mrs. Irene Alkire, 773 W. Broad Street:—

"In regard to Vick's Vapo-Rub, I can truthfully say it is all and more than it is advertised for. When I received my jar it was at a time when I wanted something, and wanted it badly, for my boy came home from school with croup, and I did not expect anything else than to be up all night. But thanks to Vick's we both slept well all night."

DAYTON, OHIO, Mrs. Thos. Johnson, 1034 Germantown Street:—

"My little boy was taken with a severe case of croup a few weeks ago, and after trying everything I knew of without finding much relief, a druggist gave me a jar of Vick's Vapo-Rub which I used with splendid results. I also find it a fine remedy for headache, and shall always keep it in my home hereafter."

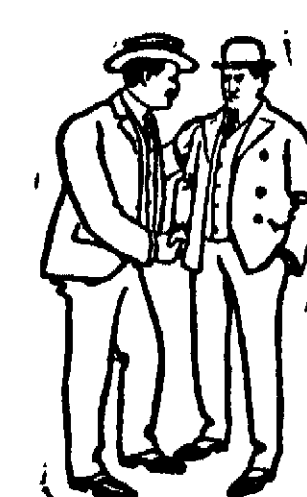

Vick's Vapo-Rub comes in three sizes, 25c, 50c or \$1.00, at all drug stores.

The government of Uruguay will assume control of all telegraph and telephone services and reorganize and improve them.

Nasty, Sour, Disgusting Taste Every Morning?

You get up with a mean, disagreeable feeling—an ill-smelling breath—a tongue with a scummy, bilious coating—Ugh! why do you? Why don't you wake up to the fact that you ought to do something. Your stomach needs attention—your bowels need cleansing—your liver needs stirring up.

YOU NEED PEPSINCO

and you need it bad. Pepsinco will fix your stomach, liver and bowels in a thorough, systematic manner. It's made for that purpose, and thousands will vouch for it. Pepsinco works through the stomach. It digests what is eaten. Take Pepsinco for a few days. A dark, brown taste? I guess not. A coated tongue? No indeed. You'll wake up in the morning clean-mouthed; a sweet smelling, wholesome breath, a pleasing smile and a good healthy appetite. Neuro Pharmaceutical Company, Wapakoneta, Ohio.

Look to the Coffee

"In all cases of so-called neurasthenia, the coffee-drinking of the patient should be inquired into. What has been said about coffee also holds good in regard to tea," says a physician of note.

More and more, people are coming to know that the coffee and tea habits are responsible for a large percentage of those nervous disorders classed under the head of "neurasthenia," or nervous prostration.

Both coffee and tea contain the drug, caffeine, a powerful irritant of the nerves. They also contain tannin—an astringent—which acts most unfavorably upon the intestinal walls. Headaches, "nerves," insomnia, biliousness—these are some of the signs of caffeine poisoning.

Many coffee and tea drinkers are learning that the way to health is by quitting coffee and tea; and for a pleasant, healthful drink, using

DR. KILMER'S SWAMP-ROOT PROVES ITS GREAT VALUE IN THE MOST DISTRESSING CASES

Doctors Advise Swamp-Root.

Don't Lose Hope in Kidney Trouble.

For the last six months I have been troubled greatly with severe pains in my back, upon getting up in the morning. I went to the doctor and he told me I had Kidney trouble and advised me to take Dr. Kilmer's Swamp-Root. I have taken a few bottles and am greatly improved. Swamp-Root is the greatest preparation for Kidney trouble and I feel that it is this remedy alone that I owe my good health.

Nine years ago while under treatment of my physician, he advised me that it would be necessary to perform an operation for Gall Stones, or I would never get well. I procured Dr. Kilmer's Swamp-Root and after taking eight bottles was entirely cured. Am glad to say that I have never had a return of this trouble and would gladly recommend Swamp Root to anyone so troubled.

ANOTHER NAME FOR PREPAREDNESS

One of the greatest champions of democracy and humanity in England is Francis Neilson, member of parliament. In the midst of the great contest which the British empire is waging for its life, he has not permitted the lust for blood to harden his heart nor the pleas of the militarists for "preparedness" to dim his vision as to the inherent dangers of the thing.

He stoutly maintains that great as were the admitted disadvantages under which England labored for the first fifteen months of the war, the disadvantages of lack of preparedness have not been nearly so real nor so vital as are the dangers to democracy which lurk in vast standing armies in times of peace. He says no democracy has yet withstood the deep-seated evils of militarism and he believes that none ever will.

As a thoroughgoing democrat Neilson has a keenly appreciative idea of what "preparedness" means. He knows it to be only a euphemism for extreme militarism. Mr. Neilson, in declaring that "preparedness" fomented war has in mind the substantial fact that England feared Germany's preparedness on land and Germany feared England's navy.

Both were "prepared" and each got what it prepared for. There would be no reason to prepare for war without having it. So that "preparedness" found its logical conclusion. It always will. The two nations "prepared" so thoroly they were afraid of each other's growing preparedness. If the brilliant English thinker is thoroly at home on any subject, it is war. He conceives a fine distinction between "preparedness" and national defense. He has, as all democrats have, a thoro hatred of the military. He knows that militarism and democracy are antithetic; that in no stage of civilization do they complement one another.

Wars virtually would be impossible if the peoples of various nations knew the successive steps by which their diplomats—usually representatives of grasping economic interests—attempt "manifest destinies" in commerce under the guise of needful national expansion. Wars usually are the final expression of lustful greed.

DRESS UP

THE FAMILIAR MIRACLE

Dress Up Week, March 28-Apr. 1

CHAPTER II

The Metamorphosis of Jim Bruel

Bruel threw off his own coat and, swept by a strange excitement, thrust his arms into the new garment. It fitted as though made for him. He peered at himself in the broken mirror and instantly was struck by the sharp contrast between the handsome coat and his own soiled collar and shirt. The tousled hair and unshaven face were not to be tolerated now. That coat demanded that he man be brought up to its own standard and Bruel found himself eager to effect the change.

Turning to the other parcels he removed their wrappings, uncovering a smart velvet hat, a pair of shoes, half a dozen shirts, a box of collars, six neckties, a pair of gloves and a dozen pairs of silk hose. He found there was a fascination about all these fresh new things. It began to get into his blood. It warmed his heart and drove out the black despair that had possessed him. He found himself regarding these clothes with something of a feeling of proprietorship. His confidence was returning; his hunger and fatigue were forgotten.

Here was a new chance! Why not make use of these fine clothes so providentially placed in his keeping? It might be several

Not A Particle of Dandruff or A Falling Hair

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks when you see new hair, long and downy at first, but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

hours before the delivery wagon returned. In the meantime he would follow the admonition on that little card. He would "Dress Up" and make one last effort to see Senator Curran. If he succeeded he felt sure of the future. If he failed—the river would still be waiting.

Bruel got out his razor and carefully shaved, then as carefully he donned the new clothing. As he adjusted the handsomest of the new ties about the stylish close-fitting collar, he found himself whistling a forgotten tune—so great is the influence of clothes.

He drew on the natty gray gloves, fitted the velvet hat to his head, and then paused for a long look in the mirror. So complete was the transformation that Bruel uttered an involuntary murmur of surprise. This time the cracked mirror gave him back the picture of a prosperous-looking, smartly-attired young man—the kind at whose touch all doors appear to open as tho by magic.

Bruel looked and in his heart a new exultation glowed. He felt a confidence he had never known. The weight was gone from his feet, his head was high. It was easy to smile. He was ready to make his fresh assault upon the offices of Senator Curran, head of the new Committee on National Preparedness. Let Curran examine his battery and the rest would be easy. It would not be long before every one of the great folla of American submarines would be equipped with it.

Came in hand, Bruel paused to survey the diary room. He shuddered for his new clothes seemed to demand more of him and for him, and the squalor of his surroundings stood forth accentuated more keenly than before.

"I'll never come back to this," he said grimly. "It's make or break this time, and I'll burn my bridges behind me." He lifted his old clothes with disdainful fingers and dropped them thru the window.

"If I win I won't need them," he told himself, "and if I lose—well, I might as well wind up in respectable clothes. This is the first time I was ever decently dressed—but, if I put this over—believe me, it won't be the last."

Something akin to that furtive instinct which leads the criminal to hide the traces of his crime it may have been that caused Bruel to collect the paper wrappings and boxes and jam them into the narrow wardrobe just before he took a parting look in the glass, and with a jaunty swing of his stock, set forth—it might be to Success—it might be to the river.

Major Frank C. Boggs, chief of the Panama Canal office at Washington and general purchasing agent for the canal, is 42 years old today. He was a captain in the army engineering corps when he was appointed to handle the home office of the canal at Washington, in 1908. The success of

his work in securing just the right materials and supplies and getting them down to Panama on time has contributed to the success of the great engineering feat. Major Boggs was born at Swedesboro, N. J., March 16, 1874, and was graduated from West Point in 1898. He was engaged in fortification work at Tampa, and spent a few years in the Philippines in charge of fortification work. Later he had charge of the building of a dam on the Monongahela River, and was in charge of the Wheeling district of the army engineering department, when he was appointed to his present post. He was advanced to the rank of major in 1911.

BUSINESS IS BASED ON CONFIDENCE

A Theory Put Into Practice by Well Known Business Man

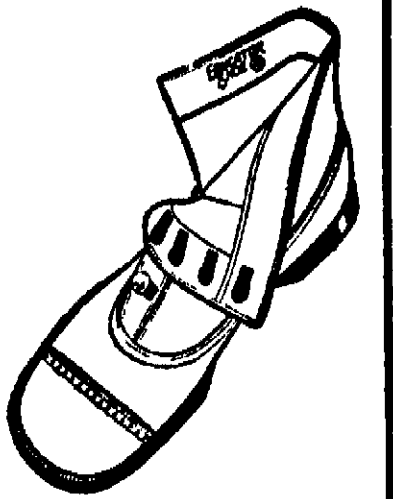

"A druggist has many opportunities to make lasting friends of his customers," said Mr. J. C. Brady, popular Retail Pharmacist of Fall River, Mass. "The very nature of his business draws their confidence for little helpful suggestions on the matter of health. Many people have thanked me for recommending Retail Orderlies as the best relief for constipation and its resultant ills. Put up in dainty candy tablet form, they are pleasant to the taste and make an ideal laxative for the home—for men, women and children alike."

OLD-TIME COLD CURE—DRINK TEA

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive: cannot injure, and makes a delightful effervescent lithia-water drink.

Before you buy a farm tractor—

it behooves you to skin your eyes and approach the matter with exceeding wariness.

The business of making small, low-priced tractors is young. But it's popular. More than a hundred concerns have taken out tractor patents in the last two years.

The infant tractor industry today resembles the infant automobile industry of a few years ago. Some manufacturers have rushed into it blindly. Some tractors will do the work and some will not. Some farmers will suffer.

A man who has no ax to grind has been investigating the whole tractor situation. He has learned a good deal that you can profitably learn before you loosen up on your tractor money. He tells what he learned in a series of articles—*The Tractor*—and the first appears today in

NOTICE OF BOND SALE, CONESVILLE SPECIAL SCHOOL DISTRICT

Notice is hereby given by the Board of Education of the Conesville Special School District, Coshocton County, Ohio, that sealed proposals will be received at the office of the undersigned clerk of said Board of Education at Conesville, Ohio, until twelve o'clock noon on Monday the 27th day of March, 1916, for the purchase of thirty-six (36) bonds of Five Hundred Dollars each of said Special School District aggregating Eighteen Thousand Dollars (\$18,000), and dated April 1st, 1916, bearing interest at the rate of four and one-half percent (4 1/2%) per annum, payable semi-annually thereafter.

Said money to be used for the purpose of building a school house and equipping the same in said special district, under the authority of the laws of Ohio, in sections 7625, 7626, 7627, and 7628 of the General Code of Ohio, and as amended in Volume 106 Ohio laws, and under and in accordance with certain resolutions adopted by said Board on the 1st day of June 1914 and by the further authority of an election held on the 3rd day of November, 1914, resulting in ninety-one (91) votes for and forty-four (44) votes against; and under and in pursuance of certain resolutions adopted by said Board on the 5th day of October, 1914, and on the 23rd day of February, 1916.

Said bonds and interest being payable at The Commercial National Bank at Coshocton, Ohio or at the office of the clerk of said board; said bonds to mature as follows:

Bond No. one will mature April 1st, 1917; bond No. two (2) will mature October 1st, 1917, and one Five Hundred Dollar bond each succeeding April 1st and October 1st until October 1st, 1934 when the last bond No. thirty-six (36) will mature.

Said bonds will be sold to the highest and best bidder for not less than par and accrued interest.

The bids must state the number of bonds bid for and the gross amount of bid and the accrued interest to date of delivery, and all bids shall be accompanied by certified check payable to the Clerk of said Board of Education, for three per cent of the amount of the bonds bid for, with the condition that if the bid is accepted, the bidder will pay for such bonds as may be issued as herein specified, promptly upon the tender of such bonds by said Board. Said check to be retained and collected by said Board of Education in case said condition, last aforesaid, is not complied with.

Bonds will be furnished by said Board of Education and bidders must be satisfied as to the legality of such bonds before putting in their bids.

Said Board reserves the right to reject any or all bids. Bids should be sealed and endorsed, "Bids for bonds of the Conesville Special School District, Coshocton County, Ohio."

By order of the Board of Education of said District

Ouch! Pain, Pain. Rub Rheumatic, Aching Joints
Rub pain right out with small trial bottle of old, penetrating "St. Jacob's Oil."
Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging. Rub soothing, penetrating "St. Jacob's Oil" right into your sore, stiff, aching joints and muscles, and relief comes instantly. "St. Jacob's Oil" is a harmless rheumatism cure which never disappoints and can not burn the skin. "Lumber up! Quit complaining!" Get a small trial bottle of old, penetrating "St. Jacob's Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. "Don't suffer! Relief awaits you." "St. Jacob's Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains,
